

NEW CHURCH FOR CUATRO CAYOS

Another story begins... This time in the 40-family village of Cuatro Cayos in the jungles of eastern Guatemala.

In 2010, Neighbors First designed, funded, and helped construct a church for the village of Nacimiento in Guatemala. In 2013, a partnership developed in Bogota, Colombia which resulted in the construction of a new church for a poor neighborhood of the city. Now, in 2015, God has given NFI another opportunity to bless a community with a new church.

Led by Pastor Carlos, the area ministry is growing

and ready for a new, larger facility to replace the current board-built structure.

Donations directed toward this project will be used to purchase building materials and provide wages for local workers. Village members and NFI volunteers will also be donating their time to help make a new building a reality.

COLOMBIA SEWING

"In his heart a man plans his course, but the Lord determines his steps." Proverbs 16:9

It is always amazing to see how the Lord orchestrates the "cause & effect" of a project. The new church project in Colombia

has resulted in an expanded sewing project. NFI supplied new sewing ma-

chines for this neighborhood training & business venture and now the program is providing enough income to fully support the children's food program of the church! Other community improvements are also underway as a result of the church presence!
